

Corbin, Laura

I am a native Arizonan along with my husband, and our two young children. We live in a historic house in north central Phoenix that was built by my husband's grandfather. I have a BFA as well as Associates degrees in both Dental Assisting and Dental Hygiene, and received my RDH through Phoenix College in 2006. I love working in both a periodontal and general office, and hope to one day return to teaching. I enjoy attending national as well as local Dental Hygiene Association sessions, am honored to serve as your CADHS Board Member at Large.
