

I graduated from Phoenix College Dental Hygiene program in 1996. I practiced clinical hygiene full-time in general and periodontal offices until 2006. Feeling I wanted to do more with my career, I went back to school to get my BS degree in Business in 2005. I worked for Pfizer and Johnson&Johnson in dental sales until December 2008. In April of 2009, I was hired by Colgate Oral Pharmaceuticals as the west valley oral health care consultant. I have been a member of CADHS for most of my hygiene career, serving as a delegate, Vice President, and currently as Treasurer.

I spend my free time with my 2 wonderful boys. Feel free to email or call me at any time on my cell phone #602-550-5559 or at ldrawls@cox.net .
